

**Functional Statement**  
**Physician in PTSD and/or Mood Disorders Psychiatry (Full Time or Part Time)**

The Mental Health Division within the Portland VA Medical Center is recruiting a full-time or part-time psychiatrist with proven clinical and research expertise in the PTSD and/or mood disorders. The position is available immediately. This person will function as a clinician/clinician researcher for the PTSD and/or mood disorders clinic. There will be up to 40% protected research/ academic/ teaching time with the rest of the time to be served in the clinic. This position will report directly to the Chief of Psychiatry/ Clinical Director of Mental Health. The physician will be board certified or be in the process of becoming board certified in Psychiatry shortly after appointment in the Division. The physician is an integral part of patient care, teaching and research activities, which are shared with Oregon Health Sciences University (OHSU); as such, the physician must qualify for a faculty appointment with OHSU at assistant or associate professor. Prior proven grantspersonship is strongly desired. There will be an expectation that this person will have strong team-building skills and will be able to secure grant support within 3 years. Protected research time and productivity will be reviewed annually. Interested candidates should send a C.V. by email to [mood.disorders@med.va.gov](mailto:mood.disorders@med.va.gov)

The Portland VA Medical Center is an EOE.
